West Boundary Elementary School 2025 Christmas Coffee Drive

Welcome to another great fundraising season! Our coffee drive is a fun activity for all students at our school. Our goal as always is to help raise funds for our literacy programs and other PAC activities.

We are selling fresh roasted, organic, fair-trade coffee. The Rock Creek Trading post has provided us with our own unique blend '**WILD BEANS SPECIAL BLEND**'. This delicious blend is made with organic, fair trade coffee beans from Central America, South America & Africa.

With fair trade organic coffee, we know that a portion of the funds collected from this will help communities that grow the coffee beans to have better access to schooling, living conditions and medical care.

By supporting an organic product, we are helping the environment. Organic coffee is grown under shade trees, requiring less water to grow and providing habitat for birds and wildlife. Organic coffee does not use pesticides, herbicides or non-organic fertilizers.

Coffee is available in **WHOLE** or **GROUND** from a choice of **DARK**, **MEDIUM** or **DECAF** roasts. You also have the option of purchasing Gift Cards to use at the Rock Creek Trading Post for fresh coffee throughout the year.

All coffee bags will come with their own custom labels with their child's artwork on them! Makes for great gifts and treasured mementos for your friends & family! Please make sure to write your child's name at the bottom of the Pledge Sheet to ensure correct labeling of coffee.

CUSTOM LABELS :: PLEASE WRITE STUDENTS NAME ON BOTTOM OF THE OTHER SIDE OF THIS FORM
